CURRENT POSITION: ASSOCIATE PARTNER AT FOSTER + PARTNERS

Summary

Currently Associate Partner at Foster + Partners, with 13+ years of experience, 7 of which leading teams through complex projects of various scales, reporting directly to Partners and/or Senior Partners, managing resources and deliver project within agreed contracts.

Liaising directly with Clients team, Client Executives, Construction Managers and Contractor Teams. The last 4 years frequently on site, leading meeting, taking key decision and finding solutions to the challenges arising throughout.

12 years of constant growth in the design field, with great passion and constant desired to continuing learning and evolve in the business.

Currently working on multiple projects, including a new Apple Store and Office and Hotel tower in Hong Kong.

From 2014 - 2017, I have successfully led 2 major projects from concept to completion.

The Apple Store of Mall of the Emirates and The Dubai Mall Apple Store.

The former, a fit out with important alteration to the mall shell and core and complex interiors detailing and high-quality specification.

The latter, a 60million pound building, a unique bespoke retail store, have being considered a cutting-edge building in the Retail world. It features astonishing 12m high, moving, carbon fibber sun shading devices and details brought to the extreme. Proudly the project has recently won a gold medal award at the London Design Awards and received great appreciation from a very demanding and design oriented client.

Experience:

Since joining Foster + Partners in 2007 until 2009, I have been involved in the design of many buildings including: concept design for a hotel in Libya, a master plan in Croatia, a residential project in London and offices and a laboratory in Switzerland.

Between 2009 and 2013 I have been the team leader in charge of a, 35,000 sqm, mixed-use Luxury Residential tower and of a New Master plan in Taiwan of 260,000 sqm of Commercial and Offices. Both projects brought by myself though my network and then lead with the partner in charge up to Detail Design Stage.

Passionate about architecture and with a business-driven attitude, I have had the chance to work on smaller scale project on my own and large project with the firm. Constantly gowning professionally and eager to keep learning through new challenges, clients and company high expectations.

Education and Training:

2014 - 2019	Associate Partner, Team Leader at Foster + Partners
2011 - 2014	Associate, Job Capitan at Foster + Partners
2010 - 2011	Architect, Job Capitan at Foster + Partners
